

Visegrád Hungary

**BEGINNING OF
SEPTEMBER**

In 2025, we were honored with the opportunity to host the very first Buhurt International World Championship. Next year, we aim to show once again that we still have more to give to this community — more passion, more dedication, and an even better championship worthy of the sport we all love.

We invite you to return to this medieval jewel on the banks of the Danube, surrounded by an authentic royal palace and a castle perched high above the valley. It is living history — a place where you truly walk in the footsteps of medieval knights.

And this time, you won't have to worry about the summer heat: the championship is planned for autumn, offering perfect weather for fighters and visitors alike.

Come, choose Visegrád, relive your memories, or — if you missed the last World Championship — join us now and experience what you've been waiting for. Visegrád awaits you. The living Middle Ages await you.

Approx daily cost breakdown per person
covering accommodation, meals, local transport,
and basic sightseeing:
